Pupil Premium Strategy

2018/19

Our Pupil Premium Strategy is reviewed on a termly basis

Next Review Date: December 2018

CONTINUE TO NARROW THE ACHIEVEMENT GAP BETWEEN DISADVANTAGED GROUPS AND THEIR PEERS A PUPIL PREMIUM STRATEGY

Possible barriers to educational success:

- Significant percentage of population live in some of the most deprived areas in the town • Figures show average of around 50% Pupil Premium (PP) for previous academic year
- 50% of SEND children are also Pupil Premium.
- Language and Communication skills on entry to school are significantly lower than what would be regarded as typical for many children of a similar age
- The high proportion of children identified by school and other agencies as vulnerable and who are exposed to the wide range of risk factors that affect mental health, family unity, prosperity and educational success
- The transient school population also causes a challenge to ensure that new children are inducted effectively into the school and are ready to learn.
- The attendance of Pupil Premium children is below that of other pupils and is significantly below the expected standard. (92.1%)

SUCCESS CRITERIA

Comparing PP and peers shows gap is narrowing at both expected and higher levels in EYFS and KS1.

Children with multiple needs including SEN and/or EAL show improved rate of progress

ASP shows PP data in school is in line with national figures, PP outcomes have been affected by the transient nature of the school.

PP figures compare favourably to National figures for all children at end of each key stage.

Data analysis for all year groups on a termly basis identifies any PP children falling behind and interventions in place

Pupil progress action plans completed by all staff

Governors can effectively challenge the use and impact of PP funding

Website is compliant with DFE requirements:

In the previous academic year:

- how the pupil premium allocation was spent
 - the impact of the expenditure on eligible and other pupils
- The current academic year:
- the amount of the school's allocation of pupil premium grant
 - details of the main barriers to educational achievement
 - how the allocation will be spent to address the barriers and why these approaches were taken
 - how the school will measure the impact of the pupil premium and the date of the next pupil premium strategy review.

Total projected spend £250,476.00

To effectively implement the Pupil Premium Strategy for 2018-2019 is projected to cost more than the Pupil Premium funding total the school receives. The transient nature of admissions to Northwood Primary School has not been factored into the Pupil Premium funding for this academic year.
